

Per Capita Income by County, 2016

Below are listed data for 2016 for total personal income and per capita income by county. Total income is reported in millions of dollars. The middle column indicates the percent of change in total personal income from 2015 to 2016.

In the far right column is the county's rank in the

state for per capita income. Shackelford County was first with \$162,378. The lowest per capita income was in Concho County at \$22,477.
