

Girls High School Basketball Champions

The University Interscholastic League girls basketball championships began in 1951 when Claude and Comanche won in the two divisions..

Currently, the UIL has divisions determined by the school size from 1A to 6A.

Following are listed the champions by UIL division, along with the runner up, and the points scored by each team in the championship game. (OT refers to overtime.) Sources: *The University Interscholastic League* at www.uil.utexas.edu, and *the Dallas Morning News*.
